 **Home:** Al-Qusour , Baniyas (Syria)

ABOUT ME

Software Engineer with over 3 years of professional experience in backend and full-stack development, specializing in building scalable web applications and robust backend systems.

Experienced in designing and developing secure RESTful APIs, integrating third-party services, and delivering production-ready solutions using Laravel, PHP, and modern JavaScript frameworks such as React.js.

Strong focus on software architecture, clean code practices, and building efficient, maintainable systems that solve real-world problems.

Passionate about modern web technologies, system design, and developing high-performance applications.

EDUCATION AND TRAINING

Bachelor in Informatics Engineering (Software Engineering)

University of Lattakia - [2024]

City: Lattakia | **Country:** Syria | **Website:** latakia-univ.edu.sy/en | **Field(s) of study:** Software Engineering / Informatics Engineering

WORK EXPERIENCE

 **SCIT (under CIC, Saudi Arabia)** – Iris Bay – office no 2104 – Business Bay – Dubai, United Arab Emirates

Website: scit.ae/ | **Email address:** info@scit.ae

Backend Developer (Remote)

[14/01/2024 – 14/05/2025]

- Developed and deployed scalable backend systems using Laravel and PHP, following clean architecture and SOLID principles
- Designed and implemented high-performance RESTful APIs for web and mobile applications
- Integrated third-party services including secure payment solutions, authentication systems, and enterprise platforms
- Designed and integrated APIs for AI-powered services, enabling seamless interaction with machine learning models and enhancing system functionality
- Implemented intelligent features to automate workflows and improve system efficiency
- Utilized Firebase services for real-time functionalities and push notifications
- Collaborated effectively in a remote environment, delivering production-ready solutions with high code quality and clear documentation

 – Syria

Freelance Full-Stack Developer

[Current]

- Developed full-stack web applications using Laravel, PHP, and React.js
- Designed and implemented RESTful APIs and integrated third-party services, including AI-powered features
- Built dynamic admin dashboards and responsive user interfaces using modern frontend technologies
- Designed and optimized databases, ensuring performance, scalability, and data integrity
- Implemented secure authentication systems and best practices for application security .

PROJECTS

[31/01/2025 – 06/05/2025]

HalalFood-backend Backend API with AI halal verification, admin management, reviews, and location-based search .

Link: github.com/yaradawa988/HalalFood-backend

[13/08/2025 – 10/09/2025]

Rahtak-Delivery-System Full delivery platform with real-time tracking, notifications, Google Maps integration ,and multi-role dashboards .

Link: github.com/yaradawa988/Rahtak-Delivery-System

SKILLS

Programming and Frameworks

PHP, Laravel, JavaScript (ES6+), TypeScript, React.js

Backend and API Development

RESTful APIs, API Integration, Authentication Systems (JWT, OAuth2, SSO), / Laravel Sanctum, Spatie Permissions

Frontend and UI

HTML5, CSS3, Tailwind CSS, Bootstrap, Shadcn UI, Axios, jQuery, Ajax

Databases

MySQL, PostgreSQL, SQL Server, Database Design, Query Optimization, Indexing

Integrations and Services

Stripe, PayPal, MyFatoorah, ZainCash, Firebase, Firebase Cloud Messaging, / Google APIs, Keycloak, DocuWare, Weclapp

File Handling and Data Processing

PDF (TCPDF, FPDF), XML, CSV, Data Import/Export, Zip Processing

Software Engineering Concepts

OOP, SOLID Principles Clean Architecture, Design Patterns Software Architecture, CI/CD Concepts

DevOps and Tools

Git, Postman, Swagger/OpenAPI, PHPUnit, ClickUp, Trello / Docker (containerization and environment management)

Soft Skills

Problem Solving, Analytical Thinking, / Communication, Teamwork, Time Management, / Adaptability, Self-learning

LANGUAGE SKILLS

Mother tongue(s): Arabic

Other language(s):

English

LISTENING B2 **READING** B2 **WRITING** B2

SPOKEN PRODUCTION B2 **SPOKEN INTERACTION** B2
